

'A Pathway Through Primary' is Howth Primary School's fundraising initiative tasked with raising additional funds needed to complete our school redevelopment project.

Construction of the new classrooms will be completed in 2020 and fundraising activity planned includes social events such as a 'Fun Run', a Ladies Lunch and a Valentine's Day Ball.

One of the simplest ways to support this initative is by taking part in our ongoing Buy-a-Brick Scheme. This will be a symbolic pathway made of personalised bricks which will be prominently displayed on the school hall wall. It is intended to link the old with the new ushering in a new chapter in Scoil Mhuire's own pathway of learning.

Get Involved - Three Simple Steps!

- 1. Buy-A-Brick (or bricks) –
 State how many bricks you require. Each brick = €50
- 2. Personalise your bricks with a family name or dedication Each brick can include a maximum of two lines of text with 16 characters per line (including spaces and punctuation)
- **3. Complete the form on this flyer** and hand into the School Office with payment. Please mark FAO Pathway Team.

NB: Your details will be kept in line with Scoil Mhuire's GDPR policy.
